AUTOMATED FILLING

CORE CAPABILITY PILLARS

Scientific innovation. Operational excellence.

01

Custom Formulation

Brand-differentiated formulations developed by experienced chemists. Organic-forward actives, signature textures, scalable from sample to mass production.

UNIQUE TEXTURES · ACTIVE EFFICACY · CLEAN BEAUTY

02

Regulatory Expertise

Comprehensive guidance on FDA regulations, INCI labeling, claims review and international market standards.

FDA COMPLIANCE · INCI REVIEW · CLAIMS SUPPORT

03

Quality Assurance

Rigorous QC testing, vetted raw materials, full batch traceability and stability testing for consumer and procurement-grade safety.

RAW MATERIAL VETTING · STABILITY TESTING · BATCH TRACEABILITY

04

Quick Turnaround

Streamlined full-turnkey processes designed to meet aggressive retail and procurement timelines.

RAPID PROTOTYPING · AGILE PRODUCTION · SPEED-TO-MARKET

PRODUCT CATEGORIES

What we make.

Creams & Lotions

FACE · BODY · HAND

Serums & Oils

TREATMENTS · ANTI-AGING

Masks & Peels

CLAY · SHEET · GEL

Cleansers & Soaps

FOAM · GEL · BAR

FLEXIBLE SOLUTIONS

Two ways to engage.

MODEL 01 — PRIVATE LABEL

Stock ready-to-sell formulas with low MOQs and brand-ready packaging — for rapid speed-to-market.

TYPICAL TIMELINE · 2-4 WEEKS

MODEL 02 — CONTRACT MANUFACTURING

Custom formulations, sourced raw materials, and precision filling for unique brand requirements.

MULTI-PHASE · CONFIRMED AT KICKOFF

SELECTED WORK — ANONYMIZED
